Dear Mr. White,

Thank you for requesting authorization to use the Chambers trademark on your Chambers Lovers web site (www.chamberstoves.net).

Chamberstoves.net offers an important historical perspective on classic Chambers cooking appliances and provides a resource for owners of original Chambers stoves. Due to the value and services provided by your site, I am happy to offer you permission to use the Chambers mark on your site until further notice.

This authorized use of the Chambers mark does not extend beyond your web community nor does it authorize the sale of Chambers branded appliances.

Thank you again for your request.

Best regards,

Michael Lee (signed)
